

DEVON LPC

Deer Park Business Centre
Haldon Hill, Kennford, Exeter, EX6 7XX
Tel. No: 01392-834022 Fax No: 01392-833336

Directions to the Secretariat Offices – Deer Park

From Plymouth – A38

When approaching the top of Haldon Hill on the A38, go past the fuel station and the turning to Dunchideock. The immediate next left is signposted to Kennford, take this small exit and continue down the steep hill (the old Haldon Hill). Keep going past the sign to Woodlands Farm. At the bottom of the hill you will pass the old Haldon Thatch Fuel Station (on right). On the left you will see the Gate House and a large brick plinth with a sign for the Deer Park Business Centre, turn left and follow the long drive until the end – the Secretariat Office is on the right hand side of the large building.

From Torquay & Newton Abbot – A380

Pass the sign at the top of the hill letting you know it is called “Telegraph Hill”. Continue down the hill, you will pass an emergency slip road on the left, just before the sign for Kenn and Kennford turn left, past the derelict garage. At the junction, turn right. On the left you will see the Gate House and a large brick plinth with a sign for the Deer Park Business Centre, turn left and follow the long drive until the end – the Secretariat Office is on the right hand side of the large building.

From Exeter and the M5 – easy option

Once passed Kennford, take the right fork in the direction of Plymouth A38. At the top of the hill turn off left towards Dunchideock and Exeter Race Course. This will lead to a small roundabout, turn right and go under the A38 bridge, immediately turn left and rejoin the A38 towards Exeter

– see *Plymouth instructions above*.

From Exeter and the M5 – Complex Option (Not recommended at busy times of the day!)

Once passed Kennford, take the left fork in the direction of Torquay A380. As the road widens to 3 lanes, move into the outside lane and turn right into the slip road – be careful of fast moving traffic coming down the hill!

You will then join the traffic heading down Telegraph Hill

– see *Torquay instructions above*
