

DEVON MUR Day: One patient ... one day... 229 Pharmacies

Thank-you for agreeing to participate in the 'MUR Day', co-ordinated by Devon LPC with the aim of supporting the PSNC Pharmacy Charter.

The pharmacy representative bodies understand the vast amount of work undertaken in pharmacies each week. We would like to collect and collate just a small sample of that work to share in an anonymised fashion with others, for the benefit of Pharmacy. (no information will be shared with regulatory bodies, nor any attempt made to assess the 'quality' aspects of individuals work)
